WORK EXPERIENCE

FISHER & PAYKEL APPLIANCES
Auckland
Jan 2024 - Jun 2026

REAL TIME COORDINATOR/ANALYST

- Supported operational reporting and workforce analytics across high-volume customer service environments managing approximately 50-150 frontline staff daily.
- Monitored operational KPIs including SLA, occupancy, staffing coverage, average handling time, and customer demand trends across multiple international markets and service channels.
- Managed resource allocation and workforce planning adjustments to balance service levels, occupancy targets, and changing customer demand conditions.
- Developed Excel-based heatmaps, reporting tools, and operational summaries to analyse workforce requirements, call volume trends, and service performance impacts.
- Structured reporting and visual layouts to improve readability, navigation, and leadership visibility across operational reporting and workforce data.
- Applied visual communication and layout principles to create reporting outputs that were clear, easy to interpret, and aligned with business presentation standards.
- Prepared daily, weekly, and monthly performance reporting, providing analysis and commentary used by leadership teams to support operational decision-making.
- Analysed operational data to identify trends, performance risks, service impacts, and improvement opportunities across multiple business functions.
- Participated in AI Champions initiatives focused on chatbot optimisation, workflow improvement, and customer experience enhancement opportunities.
- Developed and enhanced reporting visibility through Power BI and Excel-based reporting tools to support performance monitoring and stakeholder insights.
- Worked across operational systems including Monet, Salesforce, AWS-based scheduling environments, and customer service platforms.

FISHER & PAYKEL APPLIANCES
Auckland
Sep 2022 - Dec 2023

SHIFT COORDINATOR

- Coordinated daily contact centre operations to support service delivery and frontline workflow performance.
- Assisted agents with escalation handling, operational support, and workflow coordination within fast-paced service environments.
- Maintained queue visibility and supported communication between frontline teams and operational leadership.
- Supported service level performance across multiple communication channels.

FISHER & PAYKEL APPLIANCES
Auckland
Dec 2020 - Aug 2022

CUSTOMER CARE CONSULTANT

- Delivered customer support across phone, chat, and case management channels within high-volume service environments.
- Assisted customers with service enquiries, issue resolution, and case coordination while maintaining strong customer experience outcomes.
- Provided backup operational support and workflow coordination when required.
- Developed strong communication, problem-solving, and customer operations capability.

KONSTRUKT LTD
Auckland
Sep 2020 - Sep 2020

CUSTOMER SERVICE REPRESENTATIVE & GRAPHIC DESIGNER

- Supported customer communication, print production coordination, and design workflows within a commercial environment.
- Prepared artwork files, customer mock-ups, and production-ready visual assets.
- Liaised between customers and production teams to coordinate print and design requirements.

BADGE KING
Auckland
Jul 2017 - Jun 2020

GRAPHIC DESIGNER

- Created digital and print design assets across branding, merchandise, and commercial production projects.
- Prepared customer mock-ups, layout concepts, and production-ready artwork files.
- Worked closely with customers and production teams to deliver visual solutions aligned to business and client requirements.
- Balanced creative work with operational deadlines and workflow coordination.

CIGNA NEW ZEALAND
Wellington
Jul 2017 - Aug 2017
